

An aerial photograph of an offshore oil platform in the middle of the ocean. The platform is a complex of metal structures, pipes, and scaffolding. In the background, two large oil tankers are visible on the water. The entire image has a blue color cast. At the bottom, there is a solid yellow horizontal bar.

YOUR PARTNER IN PIPING AND VALVES

CORLIDO
GROUP
PIPING SUPPLY

WHO WE ARE

Corlido Piping Supply is part of Corlido Group, a global procurement organization.

We provide all-round solutions for piping and valve projects. Offering high quality pipes, flanges, fittings and valves for the onshore and offshore oil & gas development, petrochemical, chemical, mining and nuclear industries - from one-piece replacements to complete Greenfield projects. We are able to supply from stock or with manufacturer lead times, in accordance with customer requirements. Our worldwide network of renowned manufacturers provides our customers with an inexhaustible source for quality products. Our scope of supply complies with global standards, and the most challenging end user specifications.

SCOPE OF SUPPLY

Our experienced colleagues worldwide are ready to deliver on time, in accordance with the requested specification and with a special focus on quality and documentation.

Valves

Flanges

Fittings

Pipes

Engineered Solutions

Miscellaneous

VALVES

We deliver valves for a wide variety of applications in different designs, materials, sizes and pressure classes. Our extensive network enables us to supply from worldwide available stock or from our manufacturing partners, in accordance with your specifications.

PRODUCTS

Ball Valves

Double Block & Bleed Valves

Gate, Globe, Check Valves

Safety Relief Valves

Control Valves

Butterfly Valves

Plug Valves

Process to Instrument Valves

Instrumentation Valves

Pig Valves

Strainers

FLANGES

A wide range of flanges according to your required standards in all pressure classes. We are able to supply the standard range of flanges in every grade and size, but also special products according to your specific needs.

PRODUCTS

Welding Neck Flanges

Blind Flanges

Compact Flanges

API Flanges

Swivel Flanges

Anchor Flanges

Misalignment Ball Flanges

Transition Flanges

Nipo Flanges / Long Welding Neck Flanges

Srewed Flanges

Orifice Flanges

Slip on Flanges

FITTINGS

Butt weld elbows, tees, reducers, caps and forged fittings are available in accordance with your requested standard and specification, in all pressure classes. Within our network of manufacturers and stockholders, an extensive range of fittings is available for quick delivery.

PRODUCTS

BW Fittings

Forged Fittings

O-let / Branch Fittings

Studded & block type Fittings

PIPES

We supply a full scope of pipes, available in every grade and size, seamless or welded, in accordance with leading industry standards. Through our close cooperation with manufacturers and stockholders, our capabilities of supplying an extensive range of pipes from stock are outstanding.

PRODUCTS

Line Pipes (Seamless & Welded)

Instrumentation Tubing

API Casing

API Tubing

Pipe Coating

ENGINEERED SOLUTIONS

Due to our extending network of first class manufacturers, we are able to deliver items custom designed and manufactured for use in the most demanding applications. Examples are barred tees, Y-pieces, pig launchers & receivers. Our range of supply includes all material compositions and in virtually all sizes.

PRODUCTS

Monolithic Isolation Joints

Risers

API Block

Y- Pieces

Pipe Spools

Barred Tees

Pipe Repair Clamps

Pig Launchers & Receivers

Hot induction Bends

Weld Overlay (cladding)

Hub & Clamp Connectors

J-Lay Collars

Spectacle Blinds & Spacers

MISCELLANEOUS

To support your total piping project, we supply standard bolting in accordance with international standards, special bolting according to customer drawings and high quality sealing products capable of withstanding the most challenging environments.

PRODUCTS

Studbolts

Fasteners

Gaskets

Flange Isolation Kits

WHY WORK WITH US?

QUALITY

- In house QA/QC
- Worldwide FAT's
- Document control
- On-site expediting visits
- Own warehouse
- Export packing

KNOWLEDGE

- Export compliance
- Experienced staff
- Product expertise
- Material according to your specification

NETWORK

- Local footprint
- Supply from worldwide network
- Mills or from stock
- Independent

OUR CORE VALUES

Trusted

Knowledge

Certified Quality

SELF DECLARATION ISO 26000
